

Oscillating Multi-Tool

This versatile oscillating multi-tool is designed for cutting, sawing, sanding, scraping, and grinding various materials. It features a variable speed motor for optimal control and precision.

Product Overview

Versatile Oscillating Multi-Tool

This high-performance oscillating multi-tool is engineered for versatility, capable of handling cutting, sawing, sanding, scraping, and grinding tasks across various materials. Equipped with a variable speed motor, it offers the precision and control required for both professional-grade projects and demanding DIY applications. Its robust design makes it an essential addition to any toolkit.

Technical Specifications

Rated Power

180 W

Power Input

Control Features

Variable Speed Motor

Model Number

LT90001

Supported Applications

Cutting, Sawing, Sanding, Scraping, Grinding
