

# Oscillating Tower Fan with Digital Display

This tower fan is designed for efficient air circulation. It features a digital display, multiple speed settings, and a slim profile for seamless integration into any room.

## Product Overview

### Sleek Cooling Performance

This modern oscillating tower fan is engineered to provide efficient and consistent air circulation in any indoor environment. Equipped with a high-performance 100% copper motor, it ensures long-lasting durability while maintaining quiet operation. Its slim, vertical profile is designed to save space, making it an ideal cooling solution for both contemporary homes and professional office settings.

## Technical Specifications

Rated Power	40 W
Air Flow Capacity	350 CBM/h
Motor Composition	100% Copper

## Features & Controls

### Control Interface

Digital Display • Touch Panel

Fan Speed Settings	3
Timer Function	12 hours

## Logistics & Packaging

Gross Weight	3 kg
Packing Dimensions	913 x 180 x 185 mm
40"HQ Container Capacity	2100
