

Outdoor Digital TV Antenna

This high-gain outdoor TV antenna is designed for receiving over-the-air digital TV signals. It features a Yagi-Uda design with multiple elements and a mesh reflector to improve signal directionality and reduce interference.

Product Overview

High-Gain Digital Reception

This outdoor digital TV antenna utilizes a high-performance Yagi-Uda design to capture clear over-the-air signals. Engineered for durability, it features a rugged construction and a mesh reflector that improves directionality while minimizing signal interference. It is an ideal solution for professionals seeking a reliable, weather-resistant setup for VHF and UHF broadcast reception.

Technical Specifications

Frequency Bands	VHF, UHF
Antenna Architecture	Yagi-Uda with mesh reflector
Mounting	Mast-mounted
