

Outdoor Eave/Balcony Antenna

This space-saving tower antenna is designed for outdoor use on eaves and balconies. It is built to withstand severe weather, with enhanced wind flow and snow cover prevention.

Product Overview

High-Performance Outdoor Antenna

This outdoor antenna features a space-saving tower design engineered for optimal wind flow and snow prevention, ensuring reliability in severe weather conditions. It is designed for versatile installation, making it perfect for balconies, attics, and other outdoor environments. The unit includes a built-in wide-band amplifier to deliver superior signal performance for Full HD and digital TV channels.

Key Features

Key Features

- Space-saving tower design
- Weather-resistant and waterproof housing
- Anti-rust and UV protected
- Indoor/Outdoor switchable
- Easy installation
