

Outdoor Eave/Balcony Antenna

This outdoor antenna is designed for eave or balcony installation, offering improved wind flow and snow protection. Its weather-resistant housing is waterproof, anti-rust, and UV protected, with an easy switch for indoor or outdoor use.

Product Overview

Versatile Outdoor Signal Reception

This outdoor antenna is engineered for eave or balcony installation, offering a robust solution for receiving Full HD and digital TV signals. Its weather-resistant, UV-protected housing ensures reliable performance in severe conditions, including wind and snow. With a built-in wide-band amplifier and flexible power options, it provides a seamless experience for both indoor and outdoor setups.
