

Outdoor HDTV Antenna for Balcony or Eave Mount

This outdoor antenna features a slim design for balcony or eave mounting. Its weather-resistant housing is waterproof, anti-rust, and UV protected.

Product Overview

High-Performance Outdoor HDTV Reception

This outdoor antenna features an innovative, ultra-slim design with a 7mm body thickness, specifically engineered to withstand severe weather conditions. Its weather-resistant, waterproof, and UV-protected housing ensures reliable performance in outdoor environments like balconies or attics. The unit supports both VHF and UHF signals, offering a robust solution for receiving Full HD and digital TV broadcasts.

Key Features

Installation & Design

Ultra-slim 7mm profile, Weather-resistant housing, Waterproof, Anti-rust, UV protected, Balcony/Eave mountable

Technical Specifications

Signal Reception

174 MHz VHF Frequency Start	230 MHz VHF Frequency End	470 MHz UHF Frequency Start	862 MHz UHF Frequency End
---------------------------------------	-------------------------------------	---------------------------------------	-------------------------------------

Performance Metrics

Metric	Value
Output Level	105dBuV
Noise Figure	<3.5dB
VHF VSWR	<2.1
UHF VSWR	<2.2
Impedance	75 Ω

Power & Connectivity

Powering Options

- Digital receiver
- Included AC/AD adaptor

Power Supply

DC 5V/550mA
