Overview

High-Performance Outdoor Illumination

This outdoor LED flood light is engineered for durability and reliability in demanding environmental conditions, featuring a robust IP66-rated housing. Equipped with high-quality LED chips, it delivers efficient, high-intensity illumination suitable for security, landscape, and large-area lighting. With a versatile 100-350V input range and integrated surge protection, it offers consistent performance and long-term energy savings.

Technical Specifications

LED Type	Bridgelux 2835
Available Color Temperatures	3000K, 4000K, 6000K
Color Rendering Index (CRI)	78

Electrical Ratings

Power Consumption

50 W
Power

Input Voltage	100-350V
Surge Protection	6 kV
Power Factor	0.95

Durability & Design

Ingress Protection

IP66

Driver Configuration	Isolated
