Product Overview

High-Performance Outdoor Illumination

This high-performance LED floodlight is engineered for reliable outdoor use, featuring a robust, weatherproof housing that ensures durability in harsh conditions. With an IP65 rating, it offers excellent protection against dust and water ingress, making it an ideal solution for security, landscape, and general area lighting. The integrated heat sink design efficiently manages thermal output, extending the lifespan of the high-efficiency LED chips for long-term, energy-efficient performance.

Technical Specifications

IP Rating

IP65

Key Features

- Robust, weatherproof housing
- Integrated heat sink for thermal management
- Adjustable mounting bracket for flexible installation
- High lumen output

Available Wattages

50W, 100W

Applications

Recommended Applications

- Security lighting
- Landscape lighting
- General area illumination
