Overview

High-Performance Outdoor Illumination

This outdoor LED flood light is engineered for durability and reliability in challenging environmental conditions. Featuring an IP66-rated housing, it provides consistent, bright illumination suitable for security, landscape, and general area lighting. With an isolated driver and surge protection, this unit offers a robust solution for professional-grade outdoor lighting needs.

Technical Specifications

Power Consumption	50 W
Input Voltage	100-350V
Power Factor	0.95
Surge Protection	6 kV
Driver Type	Isolated

Lighting Performance

Available Color Temperatures

3000K • 4000K • 6000K

LED Chip	Bridgelux 2835
Color Rendering Index (CRI)	78

Environmental & Durability

Ingress Protection	IP66
Key Features	Weatherproof, Outdoor Rated, Surge Protected
