

Outdoor LED Street Light

This LED street light is designed for outdoor illumination. It features a robust housing and efficient LED array for optimal light distribution and energy savings.

Product Overview

High-Performance Outdoor Illumination

This high-performance LED street light is engineered for reliable outdoor illumination in demanding environments. Featuring a robust aluminum and polycarbonate housing, it ensures long-lasting durability and efficient heat dissipation. It is an ideal solution for streets, parking lots, and large area lighting applications, providing consistent, energy-efficient performance with minimal maintenance requirements.

Performance Metrics

Available Power Options

- 30W
- 50W
- 100W
- 150W
- 200W

Luminous Efficacy

110 lm/W

Minimum Efficiency

Electrical Specifications

Input Voltage	AC 100-265V
Frequency	60 Hz
Power Factor	0.9
Surge Protection	4000 V

Optical Specifications

Color Temperature	6500K
Color Rendering Index (CRI)	70

Construction & Durability

IP Rating	IP65
Housing Material	Casting Aluminum + PC
