Product Overview

High-Performance Rental LED Solution

This outdoor rental LED display features a precision-engineered 640x640mm cabinet designed for rapid assembly and reliable performance in demanding environments. Utilizing advanced SMD 3-in-1 technology, it delivers high-definition, true-color video with wide viewing angles and no image deformation. Its durable, ultra-slim design is optimized for both fixed installations and mobile rental applications, ensuring excellent heat dissipation and ease of maintenance.

Physical Specifications

Cabinet Dimensions	640 x 640 mm
