

Outdoor VHF/UHF TV Antenna

This high-gain outdoor TV antenna receives both VHF and UHF signals. It is constructed from durable, weather-resistant materials for long-lasting performance in outdoor environments.

Product Overview

Professional Grade TV Signal Reception

This high-gain outdoor TV antenna is engineered to deliver reliable VHF and UHF signal reception for over-the-air broadcast television. Utilizing a combination of Yagi-Uda and reflector elements, the design maximizes signal strength while minimizing environmental interference. Built for longevity, the antenna features weather-resistant construction suitable for challenging outdoor installations.

Technical Specifications

Signal Performance Metrics

1 Yagi-Uda

Antenna Type

Installation Components

- Mounting bracket included
- Mast or pole mount compatible

Frequency Bands

VHF, UHF

Design and Build

Construction

Weather-resistant • Outdoor rated • Durable

Design Elements

- Multiple directors
- Driven element
- Reflector array
