Product Overview

Professional Oven Door Hinge

This high-quality oven door hinge is engineered specifically for electronic ovens, ensuring smooth, consistent door operation. Constructed from durable, heavy-duty metal, it is designed to withstand the rigors of frequent use in commercial or residential kitchen environments. This component is essential for maintaining secure oven door closure and long-term appliance integrity.

Technical Specifications

Key Features

- Smooth door operation
- Heavy-duty construction
- Secure closure mechanism
- Long-lasting durability

Compatible Model Identifiers	19Y-6H, 19Y-560
Material	Durable Metal
Application	Electronic Ovens
