

Over-Ear Stereo Headphones with 40mm Driver

These over-ear headphones provide an immersive audio experience with a 40mm driver. The closed-back design minimizes sound leakage and maximizes sound isolation.

Overview

Professional Audio Experience

These over-ear stereo headphones are engineered for immersive audio performance, featuring high-quality 40mm drivers that deliver clear, balanced sound. Designed with a closed-back architecture, they effectively minimize sound leakage while providing excellent isolation for focused listening. With a comfortable padded headband and earcups, they are built for extended wear, making them an ideal choice for professional environments and daily use.
