

Over-Ear Stereo Headphones with 40mm Driver

These over-ear headphones feature cushioned earcups and an adjustable headband for a secure fit. With 40mm drivers, they deliver 105dB sensitivity at 1KHz.

Product Overview

Professional Audio Performance

These over-ear stereo headphones are engineered for consistent audio reproduction across a wide frequency range. Featuring 40mm drivers and a comfortable, adjustable design, they are suitable for extended listening sessions in various professional or personal audio environments. The robust cable and standard 3.5mm connectivity ensure broad compatibility with standard audio equipment.
