

Over-Ear Stereo Headphones with Microphone

These over-ear headphones provide stereo sound output. A built-in microphone allows for communication purposes.

Overview

Professional Stereo Audio Experience

These over-ear stereo headphones are designed to deliver clear, balanced audio for both professional communication and personal media consumption. Featuring a 40mm driver and comfortable, padded design, they ensure high-quality sound reproduction and comfort during extended usage. The integrated microphone makes them an ideal choice for office environments, online meetings, or multimedia tasks.
