Product Overview

High-Performance P11C Engine Piston

This premium cast iron piston is engineered specifically for the P11C engine, offering reliable performance and durability. Designed with precision-machined dimensions and optimized combustion chamber geometry, it ensures efficient sealing and combustion stability. This high-quality component is an ideal solution for engine maintenance and aftermarket repairs.

Technical Specifications

Bore Diameter	122 mm
Total Height	96.7 mm
Compression Height	63.7 mm
Pin Dimensions	47*89mm
Cylinder Count	6
Ring Count	4

Compliance & Identification

OEM Number
13211-2700

Material & Construction

Material	Cast Iron
