

# Packaging Machinery

Packaging machinery automates the process of wrapping, sealing, and labeling products. It is used to improve efficiency and reduce labor costs in manufacturing and distribution.

## Overview

### Modern Induction Cooktop

This double burner induction cooktop combines sleek design with high-performance heating technology. Featuring a durable black glass surface, it offers two independent cooking zones equipped with intuitive touch controls and digital displays. It is an ideal solution for efficient, precise, and modern culinary environments.

## Technical Specifications

Number of Burners	2
Surface Material	Black Glass

## Features

### Heating Technology

Induction • Efficient Heating • Precise Temperature Control

Control Interface	Touch Controls
Display	Digital Display
