

# Pan-Tilt-Zoom Dome Camera for Surveillance

This is a high-performance pan-tilt-zoom (PTZ) dome camera designed for comprehensive surveillance. It is ideal for monitoring large areas requiring detailed visual coverage, with its high-resolution imaging and weather-resistant housing for indoor/outdoor use.

## Product Overview

### Professional Surveillance PTZ Camera

This high-performance Pan-Tilt-Zoom dome camera provides comprehensive surveillance coverage for both indoor and outdoor environments. Engineered for demanding security needs, it offers high-resolution imaging and versatile movement controls to monitor large areas with precision. The robust, weather-resistant design ensures reliable performance in varied operational conditions.

## Technical Specifications

### Motion Control

- Pan capability
- Tilt capability
- Zoom capability

### Imaging & Zoom

High-Resolution, Optical Zoom

## Environmental Ratings

### Weather Resistance

Indoor/Outdoor Rated • Weather-Resistant Housing
