

Panel Mountable DisplayPort Cable

This DisplayPort cable is designed for transmitting high-definition video and audio signals. It has a standard DisplayPort connector on one end and a panel-mountable DisplayPort connector on the other, allowing secure integration into equipment.

Overview

Professional DisplayPort Integration

This high-quality DisplayPort cable is specifically engineered for professional audiovisual setups requiring secure, panel-mounted connections. Featuring a standard DisplayPort interface on one end and a panel-mountable connector on the other, it allows for seamless and robust integration into custom enclosures, equipment panels, or rack systems. The cable supports high-definition video and audio transmission, ensuring optimal clarity and performance for computers, monitors, and projectors.

Technical Specifications

Signal Support

- High-definition video
- High-definition audio

Mounting Type

Panel Mountable

Connector Type

DisplayPort to Panel Mount DisplayPort

Ideal Applications

Custom Enclosures, Equipment Panels, Rack Systems, Industrial AV Integration
