

Pebble Mosaic Tile for Humid Environments

This decorative pebble mosaic tile is designed for use in humid environments. Its organic pattern of smooth, rounded pebbles creates a natural, spa-like aesthetic.

Product Overview

Natural Spa-Inspired Design

This pebble mosaic tile is expertly crafted to bring an organic, spa-like aesthetic to humid environments. Featuring smooth, rounded pebbles of varying sizes and natural tones, the tiles are arranged on a mesh backing for easy installation. Designed specifically for moisture-prone areas, it serves as an excellent decorative solution for bathrooms, spa areas, or as an accent piece near climate control equipment.
