

Pedestal Fan with Adjustable Height

This pedestal fan provides cooling and air circulation. It features a three-blade design enclosed within a circular safety grill and is mounted on a pedestal with a control panel.

Product Overview

Professional Cooling Solution

This pedestal fan is engineered for effective air circulation and cooling in indoor environments. Featuring a durable three-blade design enclosed within a safety-focused circular grill, it balances performance with user protection. The adjustable pedestal height and stable base design ensure versatile placement and consistent airflow management for various professional or commercial spaces.
