

# Personal Electric Fan with Tilting Head

This compact electric fan is designed for personal use and ventilation. It features a multi-blade fan enclosed in a protective grill and a tilting head for directional airflow.

## Product Overview

### Compact Personal Cooling Solution

This compact electric fan is engineered for efficient personal cooling and air circulation in small spaces. Featuring a multi-blade design encased in a protective grill, it ensures safe and reliable operation while maintaining a quiet performance profile. The adjustable tilting head allows for precise directional airflow, making it an ideal choice for desktop or tabletop environments.

## Technical Specifications

Design Type	Desktop/Tabletop
Construction Material	Durable Plastic
Airflow Features	Tilting Head, Directional Airflow, Multi-blade Design
