

Petrol Blue Polyester Work Coverall

This petrol blue working coverall is made from 100% polyester. It features a collared neckline, long sleeves, a secure front closure, and practical pockets.

Product Overview

Professional Workwear Solution

This durable petrol blue work coverall is engineered for demanding environments, specifically tailored for Middle East market requirements. Constructed from 100% polyester, it ensures long-lasting performance and reliability for professionals in oil, gas, mining, and industrial sectors. The design prioritizes utility with multiple pockets and reinforced triple stitching to withstand rigorous daily use.
