Overview

High-Performance Petrol Chainsaw

This powerful petrol chainsaw is engineered for demanding felling and pruning tasks, offering a 20% increase in power compared to standard models. It features a robust engine design with options for 45CC or 58CC displacement to suit various professional and domestic needs. With an emphasis on safety and maintenance, it includes a rapid brake system and toolless access for easy cleaning.

Primary Applications

Tree Felling, Pruning, Garden Maintenance, Professional Use, Domestic Use

Engine Performance

Engine Specifications

45 CC

Displacement Option 1

2 KW

Power Output 1

58 CC

Displacement Option 2

2.5 KW

Power Output 2

Power Efficiency

20% Higher Power

Safety & Operation

Safety Systems

- Brake system response time less than 0.12s
- Easy starter system (starts within 5 pulls at normal temperature)
- Butterfly carburetor with auto choke
- 3-vent muffler for smooth exhaust and increased power

Starter Durability

10000 pulls

Maintenance & Design

Maintenance Features

- Double-layer high-quality air filter
- Toolless air filter cover for convenient cleaning
- New design tank with integrated tool storage
- Primer bulb (press 2-3 times for optimized starting)

Brake Response Time

0.12 s
