

Petrol Chainsaw with Oregon Chain

This petrol-powered chainsaw is designed for cutting wood. It features an Oregon Double Guard 91 chain and a top handle for maneuverability.

Product Overview

Professional Petrol Chainsaw

This high-performance petrol-powered chainsaw is engineered for versatility and reliability in wood-cutting applications. It features a robust Oregon chain system and an effective anti-vibration design for enhanced operator comfort during extended use. With a combination throttle switch and automated lubrication, it ensures efficiency and ease of operation for demanding tasks.

Technical Specifications

Engine Displacement	38.1 cm ³
Power Output	1.5 kW
Guide Bar Length	15 inch

Features

Key Functionalities

- Primer bulb for easy starting
- Automatic oil pump and lubrication system
- Engine clean air-intake system
- Effective anti-vibration technology
- Combination throttle and switch structure

Optional Enhancements

Easy-on recoil start, SDS tool-less tensioner

Compliance

Quality Assurance
