

Petrol Powered Demolition Jackhammer

This petrol breaker is a powerful and portable demolition tool designed for breaking concrete, asphalt, and other hard materials. Its petrol-powered engine provides high impact energy, eliminating the need for external power sources.

Product Overview

High-Performance Petrol Demolition Jackhammer

This petrol-powered demolition jackhammer is a robust and portable solution engineered for heavy-duty breaking tasks on concrete, asphalt, and other hard materials. By eliminating the need for external power sources or compressors, it offers unmatched mobility for construction, road maintenance, and demolition projects in remote or off-grid locations. Designed for efficiency and reliability, this tool features a high-impact 2-stroke engine and ergonomic handling, making it an essential asset for professional site operations.

Engine Specifications

Max Power

1.3 kW

Max Power

7000 r/min

Max Speed

Engine Type	2-stroke petrol engine
Displacement	51.7 ml

Fuel and Lubrication

Fuel Type	90# gasoline
Fuel to Oil Ratio	25~30:1
Tank Capacity	1.4 L
Compatible Lubricant Standards	JASO FC, API TC, ISO-L-EGC 2T

Performance

Impact Rate	1600 /min
Holder Size	Hex 30mm
