

Pink Children's Tricycle with Push Bar

This tricycle is designed for young children. It includes a push bar that allows parental assistance and control.

Product Overview

Designed for Learning and Fun

This classic children's tricycle is designed to support early riders as they develop coordination and confidence. Featuring a sturdy frame and a convenient rear push bar, it offers parents the ability to provide assistance and control during outdoor play. The vibrant pink finish and decorative handlebar grips make it an appealing choice for young children.
