

Plastic Garden Submersible Pump

This plastic garden submersible pump is designed for both clean and dirty water applications. It comes standard with a 10-meter cable and plug.

Product Overview

Versatile Garden Submersible Pumps

The DFS-P/PD series offers a robust solution for water management, designed to handle both clean and dirty water applications effectively. These plastic garden submersible pumps are built for reliability, featuring a 10-meter cable and plug as standard equipment. With configurations suitable for various power needs and particle handling requirements, they provide a flexible solution for residential and light commercial garden maintenance.

Certifications

Compliance & Standards

CE • RoHS • AGS

Operating Conditions

Max Particle Size

5 mm

Clean Water

30 mm

Dirty Water

Max Fluid Temperature 35 °C

Max Ambient Temperature 40 °C

Technical Specifications

Model Performance Data

Model	Power (W)	Max Head (m)	Max Flow (L/min)	Weight (kg)
DFS-P250	250	5	90	4.5
DFS-P400	400	6	140	4.7
DFS-P500	500	7.5	150	5.5
DFS-P750	750	8	200	6
DFS-PD400	400	6	110	5
DFS-PD550	550	7	140	6
DFS-PD750	750	8	170	6.5

Standard Equipment

Cable Length 10 meters with plug
