

Pneumatic Angle Grinder Tool

This pneumatic angle grinder is designed for cutting, grinding, and polishing various materials. It features a robust motor for efficient material removal and an ergonomic handle for comfortable operation.

Overview

High-Performance Pneumatic Angle Grinder

This pneumatic angle grinder is engineered for demanding industrial and automotive applications, offering reliable performance for cutting, grinding, and polishing tasks. It features a robust motor designed for efficient material removal and includes an ergonomic handle to ensure operator comfort during extended use. Safety is prioritized with an integrated, adjustable guard, making it a versatile tool for professional workshops.

Key Features

Safety Features

- Adjustable protective guard
- Ergonomic handle design

Applications

Cutting, Grinding, Polishing, Industrial Use, Automotive Repair

Performance

Motor Performance

Robust Motor • High Efficiency
