

Pneumatic Die Grinder

This air die grinder is a versatile tool for grinding, polishing, and deburring. Its compact design and lightweight construction make it easy to handle and maneuver in tight spaces.

Product Overview

Professional Pneumatic Die Grinder

This pneumatic die grinder is a versatile tool designed for precision grinding, polishing, and deburring tasks. Its compact and lightweight construction ensures excellent maneuverability, making it ideal for working in tight spaces across automotive, metalworking, and woodworking applications. Built with a durable motor and precision bearings, it delivers reliable and smooth performance for professional use.

Technical Specifications

Performance Metrics

22000 RPM

Free Speed

Physical Dimensions

Attribute	Imperial	Metric
Length	6.69 in	170 mm
Net Weight	1.32 lbs	0.6 kg

Item Number	LK-26
Air Inlet Size	1/4" NPT

Applications

Suitable Applications	Automotive, Metalworking, Woodworking, Grinding, Polishing, Deburring
