

Pneumatic Staple Gun for Upholstery and Woodworking

This pneumatic staple gun is designed for various stapling applications. It features adjustable depth control for precise staple placement and a quick-release magazine for easy staple loading.

Product Overview

Professional Performance for Upholstery and Woodworking

This pneumatic staple gun is engineered for high-efficiency fastening in upholstery and woodworking applications. Designed with a lightweight yet durable body, it ensures consistent power and reliability while minimizing operator fatigue. With features like adjustable depth control and a quick-release magazine, this tool offers the precision and ease of use required for professional-grade projects.

Technical Specifications

Model Number	1013J
Power Source	Compressed Air
Primary Applications	Upholstery, Woodworking, Fastening

Design & Ergonomics

Key Design Features

- Lightweight construction
- Ergonomic handle design
- Adjustable depth control
- Quick-release magazine

Grip Material	Rubber
