

Pocket Multi-Tool Pliers

This multi-tool plier is constructed from drop-forged carbon steel, Cr-V steel, and stainless steel. It features multiple tools including pliers, a knife, a saw, screwdrivers, and other useful implements.

Product Overview

Versatile Multi-Tool Solution

This pocket multi-tool is designed for maximum utility in a compact form factor. Constructed from high-quality materials including drop-forged carbon steel, Cr-V steel, and stainless steel, it ensures durability for both everyday repairs and outdoor activities. Its versatile design integrates essential implements like pliers, a knife, a saw, and screwdrivers into a single, portable device.
