

Polished Black Ceramic Tile with Marble Veining

This ceramic tile features a polished black surface with marble-like veining. It is available in 600x600mm and 800x800mm sizes and suitable for flooring and wall applications in residential and commercial spaces.

Product Overview

Sophisticated Marble-Veined Ceramic

This polished black ceramic tile features elegant, subtle marble-like veining, designed to bring a premium aesthetic to any interior space. Engineered for durability, the surface is scratch-resistant, making it an excellent choice for both residential and commercial flooring or wall applications. Available in two versatile square formats, this tile combines modern style with high-performance functionality.
