Product Overview

High-Strength Polyester 3-Strand Rope

This high-quality 3-strand twisted polyester rope is engineered for exceptional durability and performance in demanding environments. It offers a smooth, soft texture that is easy to splice while maintaining a tight, tough construction. Designed for reliability, this rope provides excellent resistance to abrasion, UV light, and corrosion, making it a versatile choice for both indoor and outdoor industrial applications.

Material & Performance

Common Applications

- Fishery
- Navigation
- Mining
- Transportation

Performance Features

Abrasion Resistant, UV Resistant, Corrosion Resistant, Aging Resistant, Splicable

Safety & Usage

Safety Guidelines

- Do not use for overhead lifting
- Do not exceed working load limit
- Replace rope immediately if signs of wear or broken fibers appear

Load Impact Metrics

33 %

Working Load Reduction (Shock Loads)

40 %

Strength Reduction (Knots)
