Product Overview

Multi-Purpose PE Tarp

This versatile polyethylene tarp is engineered for reliable protection in diverse outdoor environments. Featuring a rope-reinforced hem and high-quality construction, it offers excellent durability for construction sites, camping, and equipment storage. The material is fully laminated on both sides, ensuring waterproof performance and long-lasting utility.

Physical Properties

Color

Blue

Material

100% New Polyethylene (PE)

Weight

130 GSM

Standard Size

2 x 3 meters

Construction & Design

Grommet Spacing

Every 1 meter

Reinforcement Features

Rope-reinforced hem, Reinforced corners, Laminated both sides

Logistics & Packaging

Packaging

- Each tarp with color label
- Poly bag
- Carton packing
