

Polymer Water-Foam Safety Glove

This glove is constructed from polymerized water-foam for enhanced comfort. Its textured palm ensures a secure grip in diverse industrial environments.

Product Overview

Professional Polymer Water-Foam Safety Glove

This advanced safety glove features a unique polymer water-foam construction that ensures exceptional flexibility, dexterity, and tactile sensitivity. Designed for versatility, it is fully compatible with food contact at normal temperatures, making it an ideal choice for the food processing and agricultural sectors. The manufacturing process utilizes a water-based solvent, guaranteeing a DMF-free and silicone-free product that is safe for sensitive environments.

Safety & Standards

Safety Standards

EN388 4121X, EN374, DMF-Free, Silicone-Free

Usage & Applications

Industry Applications

- Fruit and vegetable harvesting
- Food packaging
- Agriculture
- Food industry
- Manufacturing
- Assembly
- General maintenance
