Product Overview

Durable PP Split Film Rope

This high-quality 3-strand twisted rope is engineered from polypropylene split film to provide an excellent balance of toughness and lightweight handling. Designed for general-purpose applications, it offers superior resistance to corrosion, abrasion, and moisture. Its split film construction enhances both grip and knot security, making it a reliable solution for securing loads and various outdoor activities.

Technical Specifications

| | |
|-----------------|--------------------|
| Construction | 3-Strand Twisted |
| Material | Polypropylene (PP) |
| Diameter | 6 mm |
| Standard Length | 30 m |

Key Features

| | |
