

Polyurethane Foam Dispensing Gun

This professional-grade foam dispensing gun is designed for applying polyurethane foam sealant with precision. It features an adjustable flow control knob, a non-drip nozzle, and an ergonomic handle.

Product Overview

Professional Foam Dispensing Gun

This professional-grade foam dispensing gun is engineered for the precise application of polyurethane foam sealants. It features an adjustable flow control knob, allowing users to customize bead size for specific project requirements. Designed with a non-drip nozzle and an ergonomic handle, it minimizes waste and ensures comfort during extended use on construction or insulation projects.

Key Features

Core Features

- Adjustable flow control knob
- Non-drip nozzle design
- Ergonomic handle for comfort
- Compatible with standard threaded foam canisters

Compatibility & Usage

Application Compatibility	Construction, Insulation, Gap Sealing, Crack Sealing, Joint Sealing, DIY Projects
Canister Compatibility	Standard threaded foam canisters
