

# Portable 1000W Gasoline Generator

This portable gasoline generator delivers 1000W of power. It features a compact design and multiple outlets, suitable for backup power during outages or use in remote locations.

## ADDITIONAL IMAGES

## Overview

### Reliable Portable Power

This series of portable gasoline generators is designed for versatility and ease of use in remote locations, camping trips, or as emergency backup power. Featuring a compact, air-cooled two-stroke engine and a brushless rotating magnetic field system, these units provide consistent power for small appliances and electronic devices. With a user-friendly recoil start system and quiet operation, they are an essential tool for maintaining power independence.

## Performance Metrics

### Power Output

**1 kW**

Max Output (Model 1000D)

**0.8 kW**

Max Output (Model 950D)

**58 dB(A)**

Operating Sound Level

## Technical Specifications

### Electrical System

Feature	Specification
Phase	Single-Phase
Voltage Adjustment	Capacitor
Frequency	50/60 Hz
Power Factor	1
Ignition System	C.D.I

### Engine Details

- Engine Model: 1E45F
- Type: Single cylinder, Air-cooled, Two stroke
- Displacement: 63 ML
- Max Output: 2 HP @ 3600 rpm
- Fuel Mixture: Gasoline:Engine Oil 40:1
- Start System: Recoil starter

## Physical Attributes

### Physical Specs

- Dimensions: 505 x 360 x 440 mm
- Net Weight (950D): 18 kg
- Net Weight (1000D): 19 kg
- Fuel Tank Capacity: 2.5 L
- Work Duration: 4 hours

## Logistics

Container Loading (20'/40'/40HQ)	330 / 720 / 720 pcs
