

Portable 12V Car Vacuum Cleaner

This portable handheld vacuum cleaner is designed for car interior cleaning. It features a 12V DC adapter for powering it through a car's cigarette lighter socket.

Product Overview

Versatile Car Cleaning Solution

This portable 12V handheld vacuum cleaner is specifically engineered for efficient vehicle interior maintenance. Its compact and lightweight design ensures easy maneuvering into tight spaces like seat crevices and footwells. Powered directly via your vehicle's 12V DC cigarette lighter socket, it offers a reliable and convenient solution for clearing away dust, crumbs, and everyday debris.
