

# Portable 220V AC Power Generator

This portable generator is designed for various power needs. Featuring a durable frame and reliable engine, it provides AC power at 220V/50Hz.

## Overview

### Reliable Power for Professional Applications

This portable 220V AC power generator is engineered for dependable performance in demanding environments. Featuring a robust single-cylinder, 4-stroke OHV engine with air cooling, it is built to provide consistent power output for agricultural machinery and essential equipment. With a compact design and reliable construction, it serves as an excellent solution for mobile power needs.

## Performance Metrics

### Rated Output

**2.8 kW**

Rated Output

**3 kW**

Max Output

### Electrical Specifications

Parameter	Value
Rated Voltage	110/220 V
Rated Frequency	50/60 Hz
Rated Amperage	13/25/14 A
Power Factor	1.0

## Engine & Build

### Weight & Dimensions

- Gross Weight: 42 kg
- Net Weight: 40 kg
- Dimensions: 625 x 460 x 500 mm

### Engine Type

Single cylinder, 4-stroke, OHV, Air cooling

## Logistics

### Container Loading Capacity

235 units (20GP) • 475 units (40HQ)
