Product Overview

Portable Personal Juicer

This portable 300ml personal juicer is designed for on-the-go convenience, making it an ideal solution for fresh juices, smoothies, and shakes. Featuring a compact, lightweight design and a clear, graduated container, it allows for easy ingredient measurement and portability. The device incorporates a specialized off-center turbulent design to ensure thorough blending and is constructed from food-grade materials for safety and durability.

Technical Specifications

Capacity	300 ml
