

Portable 3.0kW Gasoline Generator

This portable generator provides reliable power for various applications. It features a robust engine, automatic voltage regulation (AVR), and multiple outlets for connecting devices.

Overview

Reliable Portable Power

This portable 3.0kW gasoline generator is engineered for versatility and consistent performance in both residential and commercial settings. Featuring a robust 4-stroke, air-cooled engine and automatic voltage regulation, it provides stable power output for critical tools and appliances. Its compact, durable frame ensures easy transportability, making it an ideal solution for job sites, outdoor events, or emergency backup power.
