

Portable 600W Power Station with 268Wh Battery

This compact and lightweight portable power station provides reliable power for various applications. It features a 600W inverter and a 268Wh battery capacity, suitable for powering smartphones, laptops, and small appliances.

Overview

Portable Power Solution

This compact and lightweight portable power station is designed to provide reliable energy wherever you go. Featuring a 600W inverter and a 268Wh battery capacity, it is suitable for powering a wide range of devices, from smartphones and laptops to small appliances. With versatile output options and support for solar charging, it serves as an ideal power solution for outdoor adventures and emergency backup.

Technical Specifications

Core Power Metrics

600 W

Inverter Power

268 Wh

Battery Capacity

Output Capabilities

- AC Outlets (220-240V)
- USB-C (100W)
- USB-A (5V/3A)
- 12V DC Output (10A)

Charging Inputs

AC Input, DC Input, Solar Panel Input (MPPT)

Features & Safety

Safety & Monitoring

- Integrated Real-time Display
- Circuit Protector (250VAC/10A)
- UPS Functionality
- ECO Mode

Primary Applications

Camping • Outdoor Adventures • Emergency Backup • Mobile Charging
