

Portable Air Conditioner

These are portable air conditioning units with remote controls. The TJ-KY25F1 model has a 9000 BTU cooling capacity and the TJ-KY35F1 has a 12000 BTU capacity.

Product Overview

High-Efficiency Portable Climate Control

This portable air conditioner features an advanced dual-motor setup that allows for micro-controlled speed adjustments, significantly improving efficiency while maintaining low noise levels. Designed with a self-evaporative system, it eliminates the need for manual water tank drainage, ensuring hassle-free operation. The unit offers versatile 3-in-1 functionality, providing cooling, fan, and dehumidifying modes to suit various environmental needs.
