

Portable Car Refrigerator

This portable car refrigerator is designed for convenience and versatility. It features a durable construction, efficient cooling system, and a compact design for easy transport.

Product Overview

Versatile Cooling Solution

This portable car refrigerator offers a 32L capacity, making it an ideal companion for road trips, camping, and outdoor adventures. Engineered for efficiency, it features a powerful cooling system capable of a 40-50 temperature drop, ensuring your food and beverages stay perfectly chilled without the need for ice. With dual AC/DC power compatibility, it seamlessly transitions from vehicle use to home use.

Technical Specifications

Capacity	32 L
Net Weight	16 kg
Dimensions (W x D x H)	715 x 400 x 457 mm

Performance

Temperature Drop

40 Min Temp Drop	50 Max Temp Drop
----------------------------	----------------------------

Energy Consumption	0.13 kWh/24h
Rated Power	45 W

Power & Compatibility

AC Input	100-120V / 220-240V (50-60Hz)
DC Input	12V / 24V

Compliance & Materials

Refrigerant & Insulation

Component	Specification
Refrigerant	R134a (45g)
Foam Vesicant	C5H10 / C-pentane

Climate Class	T, N, ST, SN
