

Portable Ceramic Gas Heater

This portable gas heater is designed for indoor use. It features a ceramic heating element, multiple heat settings, safety features, and castor wheels for mobility.

Product Overview

Efficient Portable Heating

This portable ceramic gas heater is designed to provide reliable, supplemental warmth for small to medium-sized indoor spaces. Engineered with safety at the forefront, it includes essential features like an oxygen depletion sensor and tip-over protection. Its compact design, enhanced by castor wheels, ensures easy mobility and versatile placement wherever extra heat is needed.
