## Overview

### High-Efficiency Portable Drying Solution

This portable clothes drying machine offers a versatile and space-saving solution for laundry care, featuring a high-capacity 450L internal volume. Designed for convenience, it includes an intelligent remote control and a flexible timer ranging from 20 to 240 minutes to suit different fabric types. With a robust 1300W heating element and integrated safety features like automatic thermal shut-off, it ensures reliable performance for professional and domestic environments alike.

## Technical Specifications

Power Supply	220V / 50Hz
Drying Time Range	20 - 240 minutes
Ambient Operating Temperature	10 - 35 °C

## Capacity & Dimensions

Weight Capacity	8KG (Optimal) - 15KG (Maximum)
Product Size	70 x 48 x 148 cm
Net Weight	5 kg

## Safety Features

### Safety Systems

- Automatic shut-off when temperature exceeds 70°C
- Internal fuse disconnects at 105°C
- Over-current protection (exceeding 10A)

## Logistics & Packaging

Volt/Freq	Power (W)	Time	Volume	Capacity	Product size	Packing size	N. W	G. W	Loading Qty	
									20' GP	40' HQ
220V/50Hz	1300W	20-240MIN	450L	8-15KG	70*48*148cm	70*25*23cm	5KG	5.5KG	838pcs	1826pcs
