

Portable Concrete Mixer with Rotating Drum

This portable concrete mixer is equipped with a rotating drum for thorough mixing of cement, sand, and gravel. Its robust frame includes wheels for convenient on-site mobility.

Product Overview

Portable Concrete Mixer

This portable concrete mixer is designed for efficient on-site construction work, featuring a robust frame and a high-capacity rotating drum. It is engineered to mix cement, sand, and gravel to produce consistent concrete batches with ease. Equipped with wheels for enhanced mobility and a durable electric motor, this unit provides a reliable solution for small-to-medium scale construction projects.

Technical Specifications

Power Source	Electric Motor
Suitable Materials	Cement, Sand, Gravel

Design & Build

Mobility Features

- Robust steel frame
- Integrated transport wheels
- Manual tilt mechanism

Color Finish

Yellow Housing • Yellow Drum

Mechanism

Drive System	Belt-driven rotating drum
